

Affiliate & Information Disclosure

Last Updated: July 19, 2026

In compliance with transparency guidelines, please note: Some of the links on **ThePlayGame Govt Jobs Portal** (<https://jobs.theplaygame.in/>) may be affiliate or promotional links. This means if you click through and purchase an online test series, preparation book, educational course, or subscription service, we may earn a small commission at absolutely no extra cost to you.

Welcome to **ThePlayGame** (<https://jobs.theplaygame.in/>). Our goal is to provide timely, accurate, and accessible updates regarding Central and State Government vacancies, competitive recruitment exams, admit cards, and results across India. To maintain transparency, this disclosure outlines how our platform operates, monetizes, and handles third-party relationships.

1. Government Disclaimer (Non-Affiliation Notice)

ThePlayGame is an independent news and educational update portal and is NOT affiliated, associated, authorized, endorsed by, or in any way officially connected with any Government agency or official body of India. All government recruitment notifications, official circulars, exam dates, and syllabi provided on our website are aggregated from official government portals (such as UPSC, SSC, IBPS, State PSCs, Railway Recruitment Boards, etc.) for informational purposes only. Readers are strongly advised to verify details directly on the respective official government websites.

2. What are Affiliate & Recommendation Links?

In addition to recruitment updates, we often recommend helpful study resources, competitive exam books, online learning platforms, mock test series, and skill courses. Certain links to these resources contain tracking codes. If you purchase or sign up through these links, the platform or publisher pays us a small referral commission.

Important: Using these links will never increase the price you pay. In many instances, our partnerships allow us to share special discount codes or offer promos for aspirants.

3. Our Core Editorial Principles

We value the trust of job seekers and candidates above all else. We strictly follow these principles:

- **Verified Information:** Job alerts and recruitment news are posted only after cross-checking official notifications or reliable press releases.

- **Editorial Independence:** Recommendation fees or affiliate programs do not influence which recruitment drives, news updates, or syllabus guides we publish.
- **Honest Recommendations:** We only suggest test preparation platforms, ebooks, or learning materials that we believe provide genuine value to aspirants preparing for Indian competitive exams.

4. Programs & Advertising Networks We Participate In

To support the ongoing hosting and operational costs of maintaining live job alerts, we participate in several advertising and affiliate programs, including:

- **Educational & E-commerce Marketplaces:** Affiliate programs associated with bookstore platforms (e.g., Amazon Associates) and test prep platforms (e.g., online learning suites, test series providers).
- **Programmatic Advertising:** We show banner and native ads via networks like **Google AdSense**. These services may use cookies to deliver advertisements tailored to your educational and browsing preferences. Please refer to our Privacy Policy for more info.

5. How Your Support Keeps Us Free

Delivering fast, real-time alerts for thousands of government openings across India requires robust server infrastructure, bandwidth, and daily research. Revenue from advertisements and affiliate links enables us to keep **all job alerts, notifications, and study materials 100% free** for every candidate.
